## On Demand ETDM and EST Training

The following are on-demand training classes which have been developed to provide viewers with a general understanding of the ETDM process and the Environmental Screening Tool (EST). These videos are .wmv files and are viewable in the windows media player (FDOT standard software). The EST is a secure system. Only people performing a specific supporting function with the ETDM process have access to the EST. Access must be approved by an ETDM Coordinator. Alternatively, a public version of the EST is located at <https://etdmpub.fl.a-ta.org>

**NOTE:** No certificates of completion provided for any of the on-demand courses.

# New EST Graphic User Interface

## ◆ New GUI

The screenshot displays the new EST Graphic User Interface. At the top, the 'etdm Environmental Screening Tool' logo is visible. The 'Active project' dropdown shows '#2807 J Turner Butler Blvd (SR 202)East' with a 'Map it' button. A search bar and navigation links like 'Alert', 'Advanced Search', 'My ETDM', 'Bookmarks', and 'Logout' are also present.

A sidebar menu on the left includes 'AOI Tools', 'Tools', 'Reports', 'Wizards', 'Maps', 'Account Settings', 'Administration', 'New Development', and 'Help'. A 'Hide <<<' button is located above the menu.

The main content area features a 'Report' section with a 'Contact Information' block for Stephen Browning. Below this is a 'Project #2803 Snapshot Timeline' section. The timeline is a horizontal bar chart with 7 numbered markers (1-7) and a 'Today' marker. The timeline is divided into phases: Planning Phase, Programming Screen, PD&E, Design, ROW, Permitting, and Construction.

At the bottom, a footer note states: 'This Site is maintained by the Florida Department of Transportation Environmental Management Office. For additional information, please e-mail questions or comments to [help@fla-etat.org](mailto:help@fla-etat.org) or call 850-414-5334. [Switch to old Site layout](#)'.
