Approval of the above is requested. The following is justification/explanation of the requested actions:

This is a "no-cost" extension; therefore, no additional funds are necessary to support the services performed under this agreement modification. This amendment intends to allow United States Forest Service (USFS) additional time to continue to participate in the Efficient Transportation Decision Making (ETDM) process, provide expedited review and technical assistance to the Department.

The Funding Agreement (FA) between USFS, the Florida Department of Transportation (FDOT) and Federal Highway Administration (FHWA), which became effective August 8, 2006, is requesting a no-cost time extension.

Article III, Paragraph A which authorizes reimbursement to USFS for a five (5) year term is amended to authorize reimbursement to USFS through August 6, 2017. Attachment C which limits reimbursement to the first five (5) years of this FA is deleted, except for the footnote which still applies.

The intent of this modification is to authorize and maintain services supporting this contract through August 8, 2017.
